Skills

Programming

Python - Proficient

Django - Proficient

HTML - Experienced

CSS - Experienced

SQL - Experienced

Scikit-Learn - Experienced

Pandas - Experienced

JavaScript - Novice (but excited to learn more!)

Education

The Iron Yard - Durham

2016

Python Data Science - Certificate

University of North Carolina - Wilmington

2010-2012

M.A., European History

Lake Forest College

2003-2007

B.A., Psychology

Work Experience

The Iron Yard - Durham

2016

- Constructed a fantasy-football analytics tool which projected player scores on a weekly basis, using data obtained from an API and run through a linear-regression predictor algorithm.
- Built a wide variety of applications utilizing Python, Django, JavaScript, AJAX, JQuery, SQL, and various public modules such as Scikit-learn, Pandas, NumPy, SciPy, Matplotlib, Seaborn.
- Coordinated with others on group projects ranging in size and scope, utilizing Scrum agile software development strategies via Trello, communication tools like Slack, screen-sharing services and in-person paired-programming.

The American Institute of Certified Public Accountants

2012-2016

- Communicated with members by phone, email, chat, and fax. Assisted with technical support for web-based self-study.
 - Coordinated intra and inter-departmentally to resolve member issues and improve client experiences.
 - Trained seasonal temporary employees and new full-time hires, volunteered as mentor for new-hire mentorship program.
-

Interests

Traveling

Travel broadens horizons and provides new perspectives. I relish opportunities to explore other cultures.

History

Prior to programming, the study of history was my greatest passion. Learning about the past contextualizes the present.

Exercise

My experiences as an athlete demonstrated the value of teamwork and communication. A healthy mind needs a healthy body.
